

INTERVAL 2000 - Waterproof and Floats!

The Nielsen-Kellerman NK2000 is the most advanced stopwatch for swim coaches available today! It stores 2000 splits and stroke rates in memory. It displays, stores and recalls lap and cumulative splits, as well as recalling best and average splits. You can take and store stroke rates, and save multiple races and workouts. The watch has a display backlight, built in clock and calendar, and a protective rubber cover available in six different colors: Blue, Purple, Gray, Yellow, Green, and Red. IT IS WATERPROOF AND IT FLOATS! Full one-year warranty. When used with available WATCHWARE, memory data can be uploaded to your Windows 95/98/NT compatible computer.

Interval 2000 **\$148.95 Each**

INTERVAL INTERFACE W/ WATCHWARE

Upload memory data to your computer! Your NK2000 drops onto the interface and communicates optically. After transfer, sort, review, print, and export data. Enter a known split distance to automatically calculate speed and distance per stroke! Requires Pentium or better PC, with Windows 95/98/NT, 32 MB of RAM, 60 MB available HD space, and a available serial port.

(Computer not included)

Watchware **\$79.00 Each**
