Bum Cream (6)	

CPR MICROSHIELD RESCUE BREATHER

New Microshield Rescue Breather limits exposure to cross-contamination! The Microshield is a disposable, inexpensive protective barrier between the rescuer and victim during C.P.R. Its unique, 3-piece, one-way valve is fitted into a rigid plastic tube surrounded by 25 square inches of clear, medical grade vinyl, allowing for continuous viewing of the victim. Simple to use, the Microshield reduces the risks from dangerous cross-contamination. One size fits all (even training mannikins)! Includes one pair of latex gloves in easy-to-read carton.

CPR Microshield Rescue Breather 12-016 Weight: 6 oz. \$14.65

CPR Microshield Rescue Breather Key Chain 12-019 Weight: 6 oz. \$21.20

TEAM FIRST AID KIT

200735 Complete \$110.95
200734 Empty \$75.95

VITAL 1 EMERGENCY RESPONSE PAK

Quick, Efficient Clean-up of Potentially Infectious Material. Vital-1 products provide a fast, efficient method of absorption and disposal of potentially harmful blood and body fluids. The combination of 10,000 ppm chlorine and an absorbent, when applied to a spill, not only absorbs the liquid, turning it into a gel, but also releases chlorine into the moisture of the spill (Chlorine is recommended by The Center For Disease Control for cleaning up body fluid spills). As a result, the spill can be safely and easily cleaned up. Two ounces of Vital 1 will gel approximately 100 fluid ounces. Don't subject your staff to unnecessary risk—order the Vital 1 today.

Kit Content:

1 3 oz. packet of Vital 1	1 Pick-Up Shovel
1 Chlorinated absorbent Beads	1 Disposal Bag
1 Pair of Latex Gloves	1 Red Infectious Waste Bag with Tie
1 Disposable Germicidal Cloth	1 Paper Towellette
1 Pre-moistened Antiseptic Towellette	

Vital 1™ Emergency Response Pak 12-015 Weight: 6 oz. \$12.25

DELUXE EMERGENCY CPR KIT

Convenient Handling of CPR Emergencies

Our new Emergency C.P.R. Kit is designed to provide protection against the hazard of cross-contamination associated with the handling of C.P.R. emergencies. Each item in this six unit metal kit is in its own easily identifiable package, making the kit easy to maintain as it is to use.

Kit Contents:

- 2 Microshield Rescue Breathers, complete with one pair of Latex gloves per box (see complete Microshield description on this page)
- 2 Pairs of Latex Gloves
- 10 Alcohol Prep Pads

Our compact metal kit container has a hanging bracket for easy installation. Packaged under FDA Good Manufacturing Practices, the kit's metal case and the packaging for its contents meet ANSI Standard Z308. 1-1979 (R 1984). Dimensions: 5"H x 4-1/2"W x 2 1/2"D Weight: 4 lbs. 7 ozs.

12-017 Deluxe Emergency CPR Kit \$40.75

AMBU RESUSCITATOR

Ambu Resuscitators are light-weight, portable and easy-to-use. They provide immediate, on-site pulmonary ventilation that is superior to that obtained by mouth-to-mouth resuscitation. Each new Ambu Resuscitator features a special inlet for feeding oxygen right at the valve—oxygen does not go directly into the bag. The new Ambu comes complete with a carrying case and one adjustable face mask. It's small enough to be easily accessible for beach front and swimming pool operations where speed and efficiency are most important. Dimensions: 13" x 5", Weight: 3 lbs. 10 oz.

12-038 Ambu Resuscitator \$413.50

UNITIZED PROTECTION FOR BLOODBORNE PATHOGENS

OSHA's Bloodborne Pathogen Regulation has created a need for additional personal protection kits to be included among your First Aid supplies. We are introducing a bright orange unit carton to identify these biohazard protection products.

12-041 Complete Kit \$35.95
Weight: 1 lbs.
