

**GRIFFS GUARD STATIONS**

Griff's Guard Station fully supports the 5-Minute Scanning Strategy by featuring front entry, elevated viewing station, easy access and non-skid surface. A wide front step provides an additional station and brings the guard closer to pool edge. Heavy-duty wheels allow convenient, easy portability. Stainless steel and fiberglass construction assure long lasting and trouble-free service. This latest addition to the industry leading line of KDI Paragon Lifeguard Chairs is available in alternate styles for best-fit and flexible choice in every application.
