Warning Sign for Divers
 This bright yellow sign warns divers of the proper and improper ways to dive. In light of the current "Safe Diving" campaign that is sweeping the nation, it is a must for swimming pools with popular diving areas. In fact, the

posting of this sign could limit liability in case of a diving accident. Made from rigid polyurethane, it measures a full 12" x 20" for maximum visibility. Each sign features four drilled holes for easy mounting.
